HK02	Accessories, 2 pcs. Hanging Mount Kit (10-ft In. Length)	Use to hang surface mount kit from ceiling or substrate.

MOUNTING OPTION A
PICTURED: Single Lauren TILT Driver attached to ceiling in a surface mount application

Insert 2 mounting springs at once starting with the far side of the panel. Finish the remaining 2 springs closest to you to complete the installation. The process is now complete.

MOUNTING OPTION B
PICTURED: Single Lauren TILT Driver remote mounted in a surface mounted application.
